# *Miss Wiese retires from successful school career-*

## *Miss Florence Wiese, Assistant Principal*

Throughout her forty years as teacher, counselor, and administrator, the Port Huron Area Schools have had an invaluable friend in Florence Wiese. She has given conscientious and perceptive advice from which teachers and students alike have profited.

To Miss Wiese, Port Huron High gratefully

the 1965 Student.

## *as teacher, counselor, and administrator*

Our term of double sessions would not have been so successful and productive without our efficient administrators. As the time draws near for the

second-semester split, Mr. Overly, Miss Wiese, and Miss Austin plan for the future of both schools.

Seniors have always had an invaluable friend in Miss Wiese. They have many decisions to make, and Miss Wiese's advice is always practical and welcome. Christopher Blunt, Robert Blunt, Jane Haase, Marsha Plaut, and Cheryl Nido consult Miss Wiese concerning the best choice of colleges and scholarships.

Faculty and administration must work in close harmony to provide a well-balanced curriculum for all students. Miss Doris Warren, Mr. Joseph Airtene, Mr. William Mandt, and Miss Isabel MacLaren discuss the full-day teaching situation with Miss Wiese.

*Miss Patricia Austin*

*Assistant Principal*

*P.H.H.S.*

Miss Patricia Austin, a former counselor and English teacher, was made Assistant Principal of PHH in 1964. Her primary concern is to assist Mr. Sommerville and Mr. Feick and to work with them in carrying out administrative duties.

Mr. Raymond Morehead, Assistant Principal at PHN, began his duties in this capacity in 1964. Before this time Mr. Morehead was a counselor. Among his many duties was the help which he gave to Mr. Overly in planning for the opening of PHN.

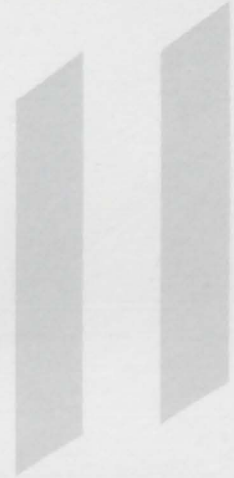

Mr. William Pierce is also an Assistant Principal. Mr. Pierce has been a visiting teacher in Port Huron for eight years. He became Assistant Principal at the end of the first semester. However, next fall he will assume his regular position as Grade Dean at PHN.

*Colen J. Sommerville*  
*Principal*  
*P.H.H.S.*

Mr. Colen J. Sommerville resigned as Principal of PHH to accept the position of Supervisor of Industrial Arts and Vocational Education in the school system. Mr. Sommerville has worked with young people in Port Huron as a teacher, counselor, coordinator, dean of students, and principal during the past fifteen years. Although students and faculty regretted his leaving PHH, they wish him success in his new position.

At the Faculty Dinner, Mr. Colen Sommerville presents to Mr. James Overly a gift for PHN on behalf of the faculty at PHH.

# *Mr. Feick assumes position*

*Mr. Gaylord Feick  
Principal  
P.H.H.S.*

Mr. Gaylord Feick, previously Assistant Principal, became the Principal at PHH when Mr. Sommerville retired from the position at the end of the first semester.

A former chemistry teacher and counselor in our school, Mr. Feick became Assistant Principal in 1962. With Mr. Feick's friendliness and capabilities, he led us through a happy year at PHH.

## *Mr. Overly heads new*

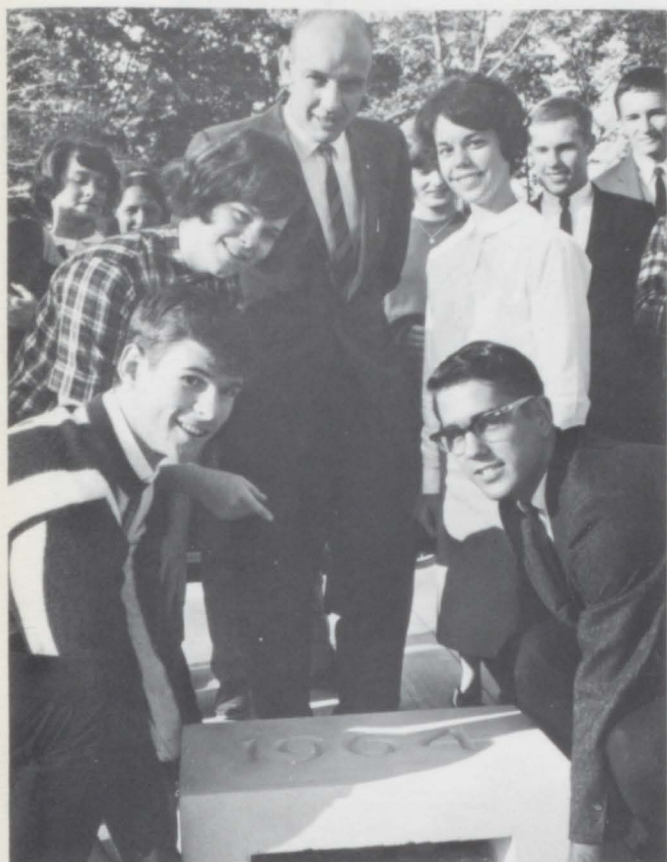

In 1962 Mr. James Overly came to Port Huron from Grass Lake, Michigan, where he had been a teacher and a principal. Here at Port Huron High he served as assistant to the principal for two years before being appointed Principal of

A proud principal poses with students at the cornerstone that made history in Port Huron; we finally have the two schools.

Port Huron Northern has been cited as one of the ten best-planned schools in the nation. Mr. Overly pointed out its unique design to students touring the school before its opening.

# *Superintendent and board work to*

## *Superintendent of Schools Gerald C Bradley*

Gerald C Bradley, an active member of several state and national education programs, as well as local community betterment projects, has been our Superintendent of Schools since July, 1963. Mr. Bradley came to Port Huron in 1951 as assistant superintendent and secretary-treasurer. He has participated in two building programs and the annexation program that increased Port Huron High's enrollment from 7,000 to 14,000. June 30, 1965 will end Mr. Bradley's forty years of public school work. We are grateful for his service in the Port Huron Area Schools and wish him well in his retirement.

Mr. Bradley, who has devoted his time and talents for better education in the Port Huron area, talks with some high school students in front of the Administration building.

## *enhance the area's school facilities*

Members of the Port Huron Area Board of Education are:  
SEATED: A. B. Carlisle, Vice-President; Richard A. Cooley, President; and Mrs. Nicholas G. Douvas. STAND-

ING: William K. Gilbert, F. Bingham Fead, H. Ford Whipple, and Dr. H. J. Hazledine.

### *Board of Education*

The 1964-65 school year has been a busy one for the Board of Education. Once each month it met to handle the many normal board functions such as policy making, approval of new personnel, appropriations of budgets and expenditures, and approval of new programs. One meeting each month was devoted to a study of a phase of the curriculum. Many extra meetings were called to take action on various stages of the building program and other problems.

P.H.N.H.S. was opened January 25, 1965 and additions were completed at Chippewa,

Fort Gratiot, and Washington Intermediate Schools and at Harrison Elementary School. Construction was begun on Fort Gratiot and Sparlingville Elementary Schools and the Howard D. Crull Intermediate School. Planning for the new science and library addition to Port Huron Junior College and the Jefferson Elementary addition was carried forward.

An important and difficult duty of this year was the selection of a superintendent. As Mr. Bradley's successor, the Board selected Dr. Gerald S. DeGrow, current Assistant Superintendent of Instruction.

On the road through education, activities, like bridges, cross over the student's academic life to a road of expression and individuality. Cooperation and good sportsmanship build activities, and activities help build mature, well-balanced citizens who are able to adapt themselves to our changing society and meet the standards necessary for a rich cultural and vocational life.

## Creating a Yearbook

Judith Jarvis, Business Manager of the Student, keeps all yearbook records and pays the bills. She has served on the staff for two of her high school years. Judith is responsible for keeping the yearbook supplied with all working materials.

Bethany Gossman has worked on the Student for the past two years. She is now serving as Co-editor of the school yearbook from PHN. Bethany has helped to plan and develop this year's theme, introductory section, and division pages. She leads her staff efficiently.

Elaine Minter, PHH Co-editor of the school yearbook, works with her staff to plan and create a yearbook. Proof-reading and keeping track of the duplicate dummy are two of Elaine's most important duties. She has worked on the yearbook for two of her high school years.

## Co-Editors

Therese Nault has been a member of the staff for two years, first as a reporter, then as a feature editor, and the past semester, as a co-editor.

Jeri Norman has worked on the Lighthouse for three years. She has served as a reporter, a page editor, and a business manager before becoming an editor.

The LIGHTHOUSE, Port Huron High School's newspaper, has been published since 1922. For the past semester the paper has served both high schools. Northern will establish a separate paper next year.

Journalism classes cover school news each week for the TIMES HERALD in addition to publishing the LIGHTHOUSE. Each year the TIMES HERALD awards summer scholarships to college workshops to outstanding staff members.

Staff members who meet the membership requirements for Quill and Scroll, an international honorary journalism organization, are elected annually.

The LIGHTHOUSE is also actively affiliated with the Michigan Interscholastic Press Association and The Columbia Scholastic Press Association. They strive to improve the quality of scholastic journalism through publications, workshops, and critical evaluations.

In the spring a picnic is planned honoring the Senior members who will graduate.

The club holds a formal initiation ceremony for new members to which the public is invited.

To be eligible for membership, one must have completed a semester of second-year algebra, and maintained a B plus or better average in math with at least a B average in other subjects. One must also expect to pursue a mathematical career.

" . . . for when I am skiing, I lose myself in the serenity of nature, and I am finally free." Freedom is but a part of the reason why skiing is the world's fastest growing winter sport. Indulging in this pastime are nearly 200 PHH and PHN students. In addition to skiing, the Club, which was organized four years ago, enjoys other activities. There are guest speakers, equipment and clothing demonstrations, and ski movies. A snow queen is elected every year. This year's queen is Ann Cleland.

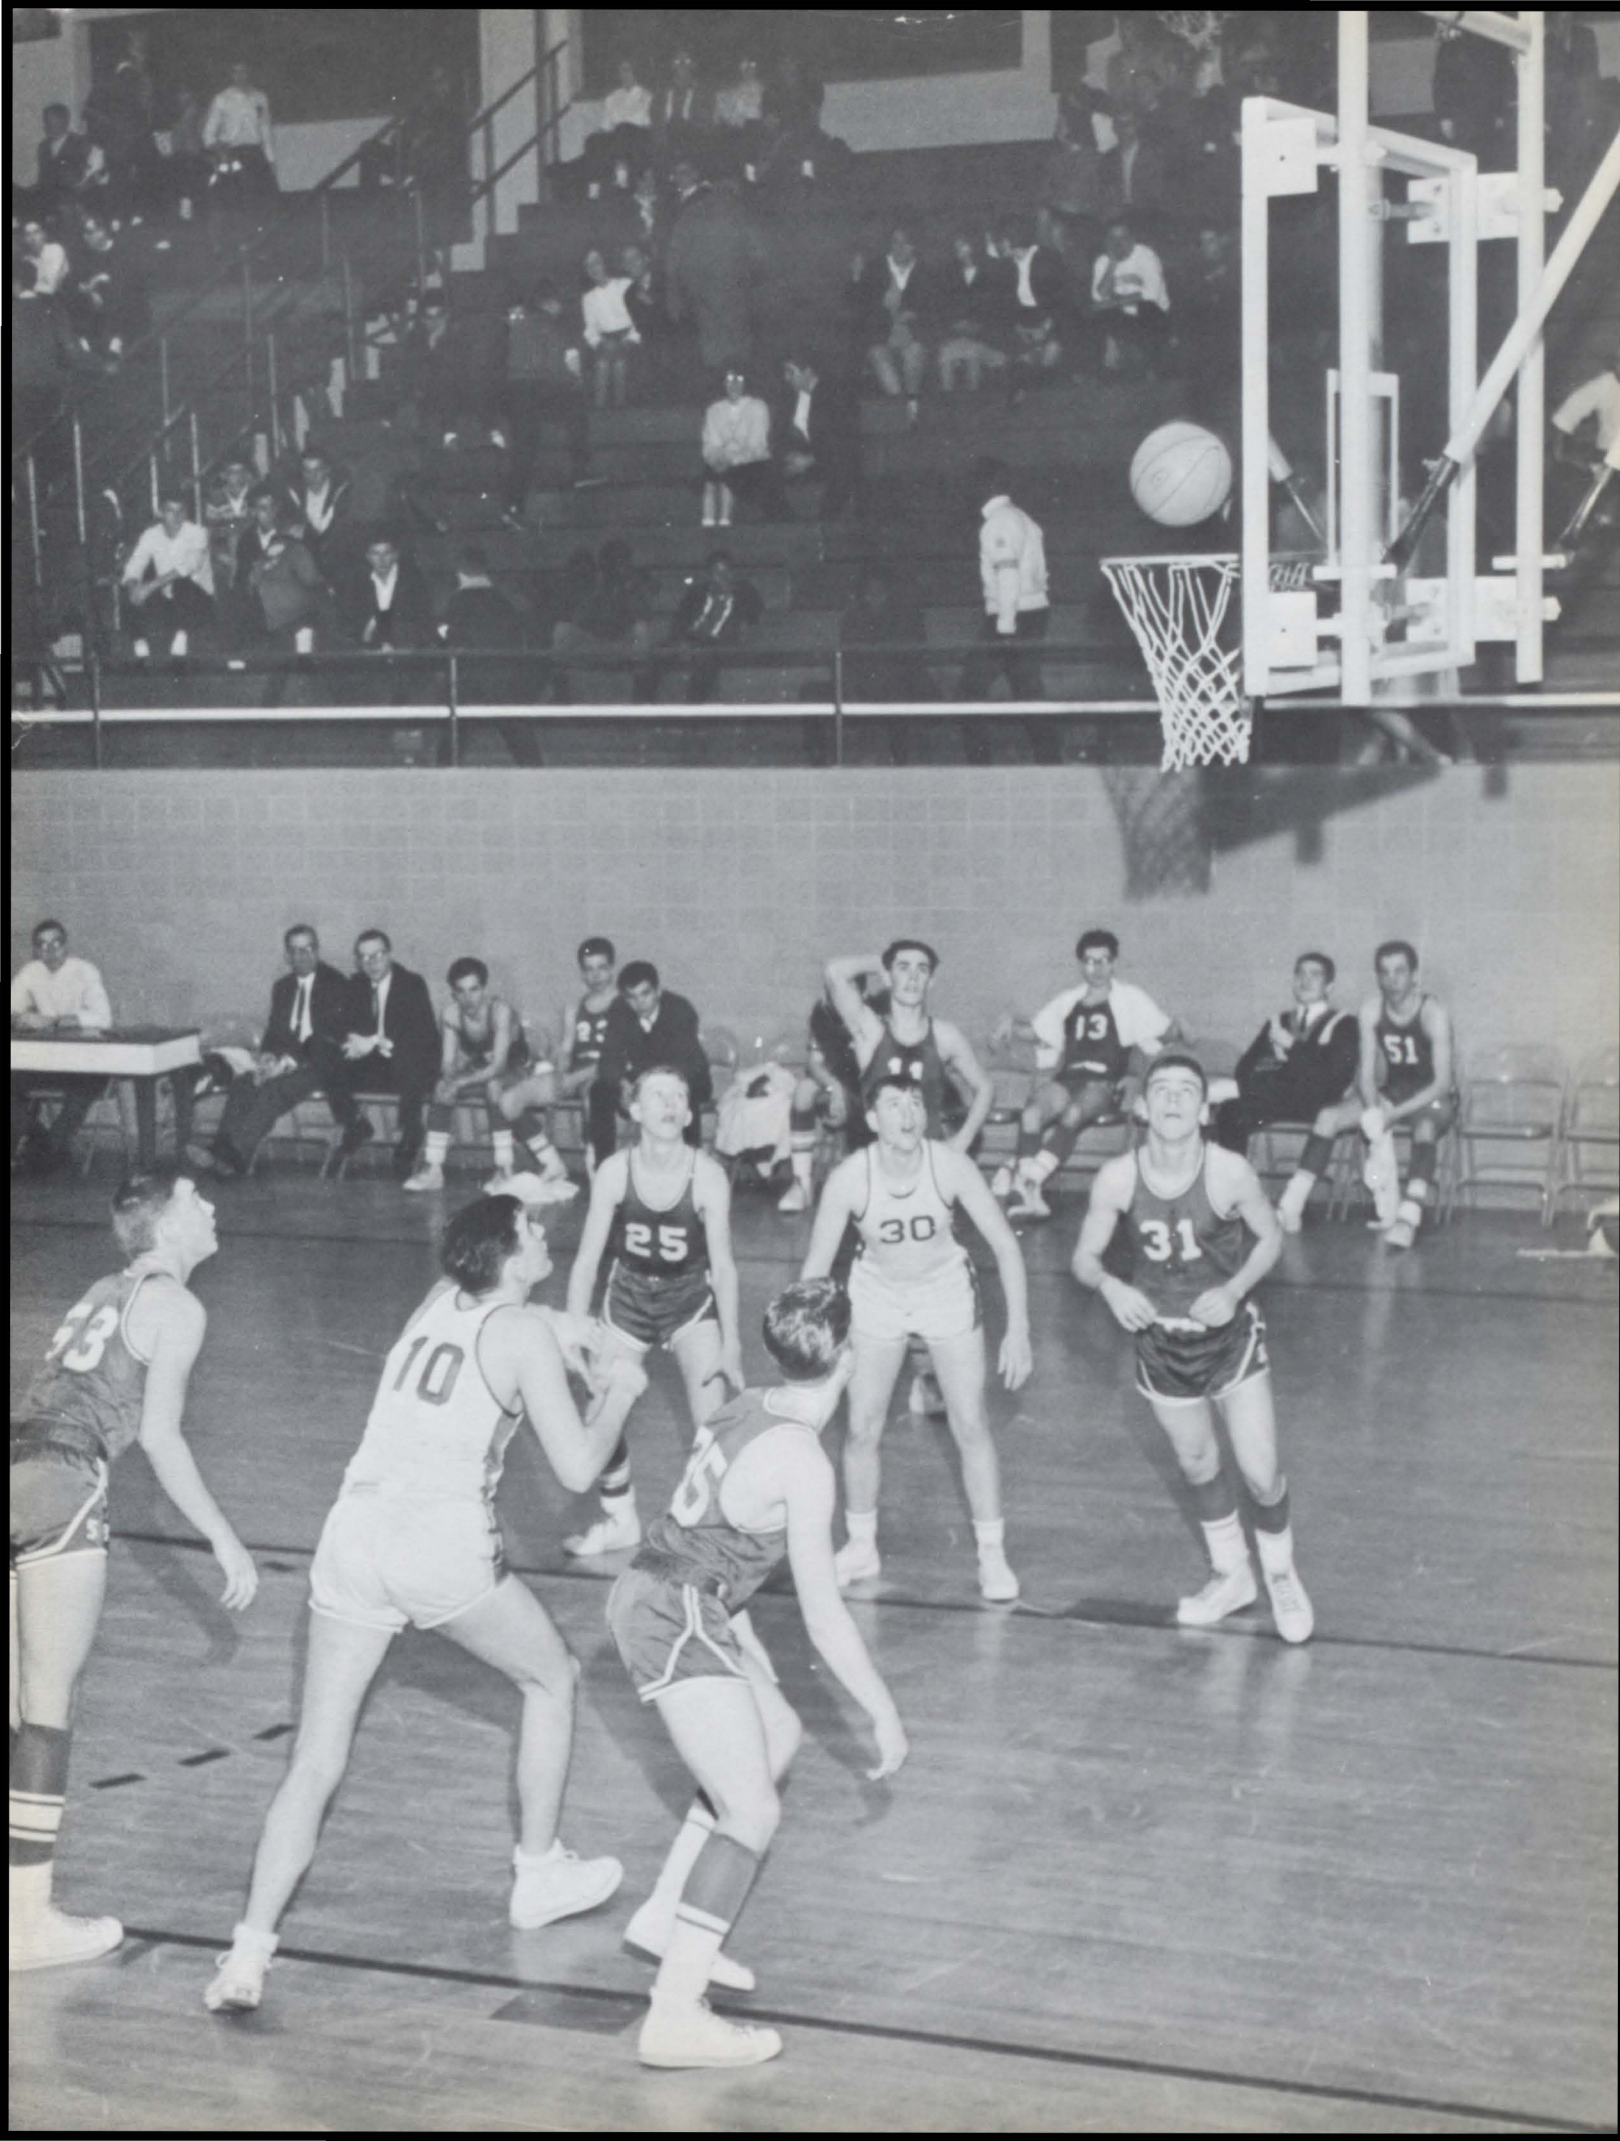

Sports are an important part of high school life. Students are encouraged to participate in some phase of athletics while on the road of education. Sports give the student an opportunity to express character, to gain recognition, and to strengthen the body. While reaching for athletic achievement the student simultaneously prepares for life.

## "THE RED-WHITE FIGHT SONG"

Come on and--Join our song for Port Huron High,  
The best school in this land.

Grand and glorious we'll be victorious,  
The Red and White shall stand.

Oh, she's the stronghold of our community,  
She stands for all that's Right!

So fight, fight, fight for Alma Mater.  
And show them with our might.

### CHORUS:

Fight! Fight! Fight! Fight!  
On to victory

Fight! Fight! Fight! Fight!  
Shall our watchword be.

So come on join our song for Port Huron High.  
Champions now are we!

So fight, fight, fight for Alma Mater  
And sing for victory.

Every student shares in common a body of studies, a curriculum that the high school believes to be a necessary framework for an enlightened individual. Beyond the basic areas of study, students may elect courses from a wealth of possible choices which may best fit his individual interests, abilities, and needs. The high school curriculum will help to effectively prepare the student who chooses to go to college or to a technical school, as well as the student who may enter into the working world or the household. The well-balanced curriculum on the student's educational road is essential in developing his future standard of living and his happiness.

Between sessions the library is in constant use. Students are busy looking for facts and background information for reports and research papers.

## *Students meet Caesar and Hamlet,*

Mrs. Zaida Chidester asks her Freshman students for definitions from a vocabulary list.

Deborah Ludlow gives her six-weeks' report on "Treason" in Miss Linda Lewis's 10th grade English Class.

David Dawson, Constance Brenton, Terry Woodward, and Carolyn Trombley get assistance from Mr. Elmer Malone on their work sheets.

Charles Dobson, Mary Ellen Hensel, Cheryl Rademacher, and David Merrley read HAMLET orally to Mr. Homer Sims' 11th grade English Literature class.

## *grammar and structure*

Mary Ann Hartman, Secretary of Miss Isabel MacLaren's Senior English class, hands tests back to Thomas Lill and Gerald Genaw.

Each year high school students reapply themselves to mastering English. The Freshmen learn basic sentence structure and parts of speech. The Sophomores' study of English includes nouns, verbs, and Julius Caesar. In the Junior year students may take English Literature, a study of English authors and their writings. Shakespeare's HAMLET, for example, is a tradition among English "scholars." Seniors study American Literature as well as grammar. Composition is especially important to the college bound during this final year in high school.

# *Language creates an interest*

Wilma Thomason leads her classmates in Miss Mary Edward's Latin class as they pronounce the letters of the alphabet.

In Latin the students learn the structure of the language. Emphasis is placed on reading and translation. In the advanced courses considerable time is devoted to Roman oratory, philosophy, and poetry. A course in beginning French is designed to help the student learn to understand and use spoken and written French. This is accomplished through informal conversation lessons, records, and written dictation.

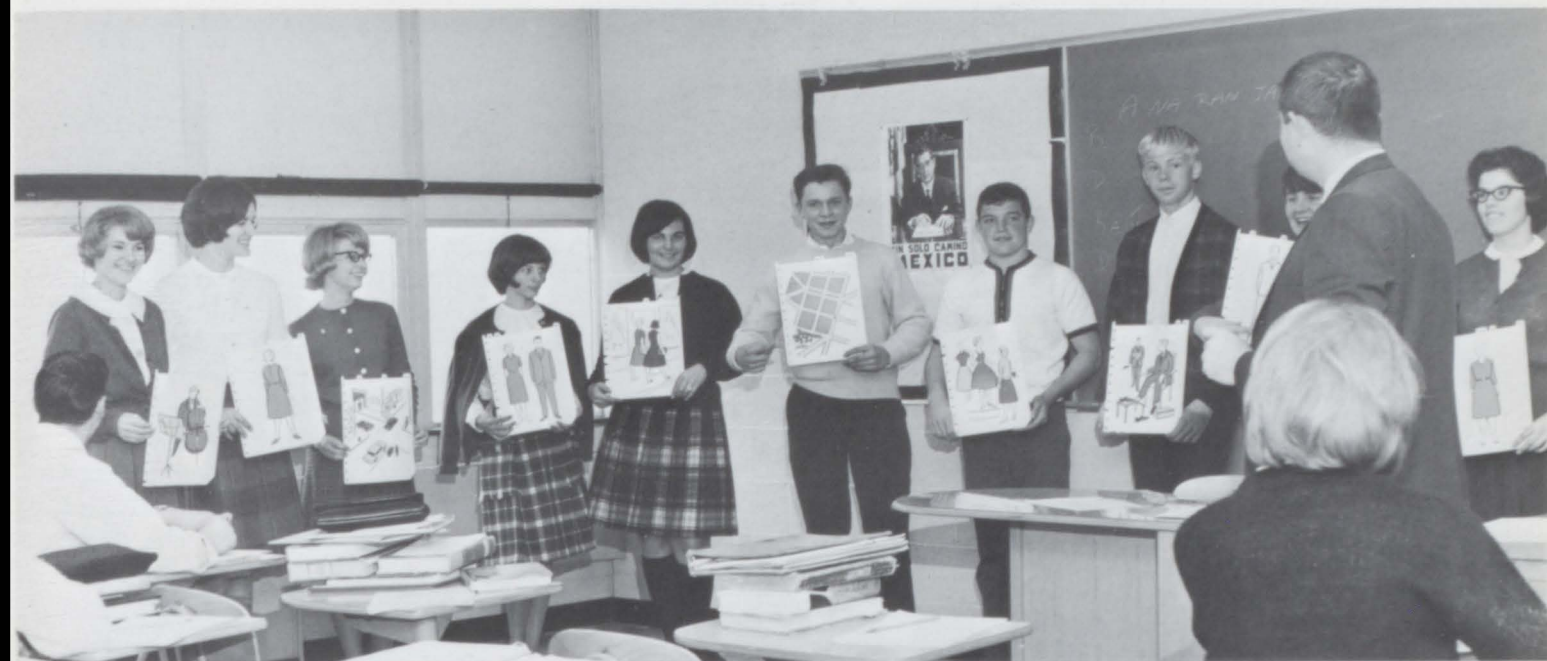

In Spanish classes a variety of conversational patterns is developed and correct pronunciation is stressed. The Russian alphabet is somewhat different from our own, although, like ours, it is derived from the Greek alphabet. Only after the student has gained familiarity with spoken Russian will he start reading and writing the language.

Mr. Charles Forton observes his beginning French class while they recite from the board. Oral recitations help students speak more fluently.

## *in other cultures*

Mr. Gale Ahearn's Spanish students ask questions in Spanish about the pictures which are held by Bonnie Megerle, Catherine Hess, Pamela Neal, Barbara Bailey,

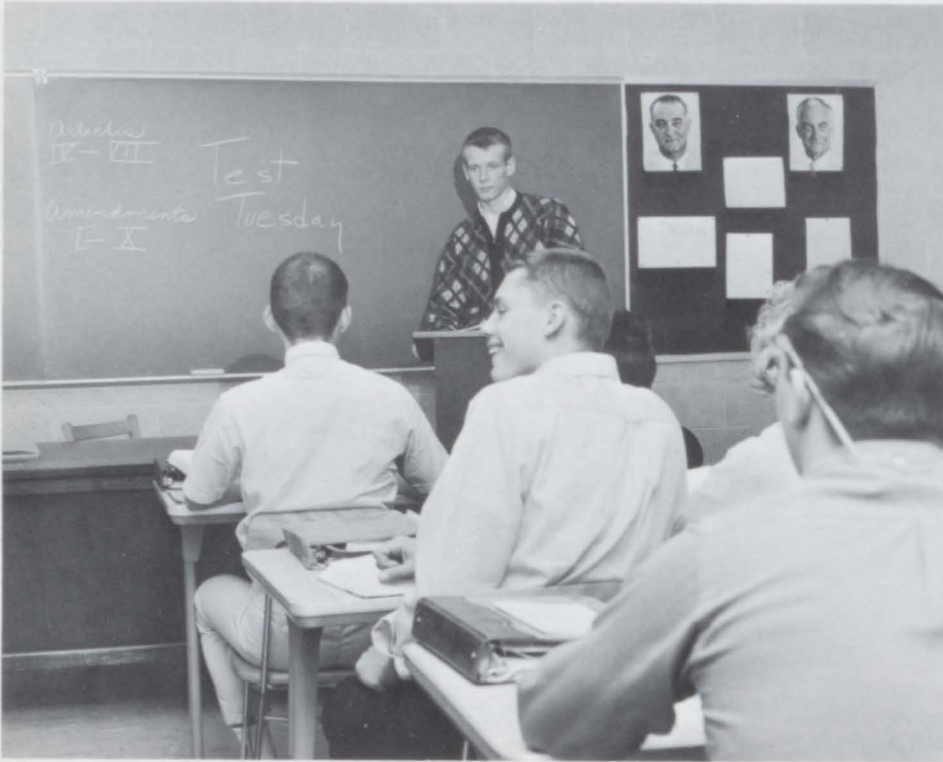

Heather Keith, Terry Harris, Daniel Jurn, George Elliot, Mark Olunek, and Kandy Barr.

Students in Miss Mildred Rush's second-year class listen to basic Russian sentences through earphones in the language laboratory.

# Customs, cultures, lands,

Michael Reynolds explains "double jeopardy" and the "rights of the accused" in a criminal case to Mr. James Duncan's Senior Government Class.

Wars, dates, and names are all part of the Social Studies Department. While the Seniors hunt for "news points" in American Government, the Juniors study Beard, Brown, and the Constitution in American History. Freshmen learn about the three branches of government in Civics. Seniors, Juniors, Sophomores, and Freshmen take advantage of the many electives offered in this department. The purpose . . . to learn of the past, to study the present, and to avoid errors in the future.

Students concentrate on a test given in Sociology Class under the direction of Miss Doris Warren.

Lynda Smith, Judaline Ross, and Gary Overholt outline the Northwest Territory in Mr. Robert Clark's American History Class.

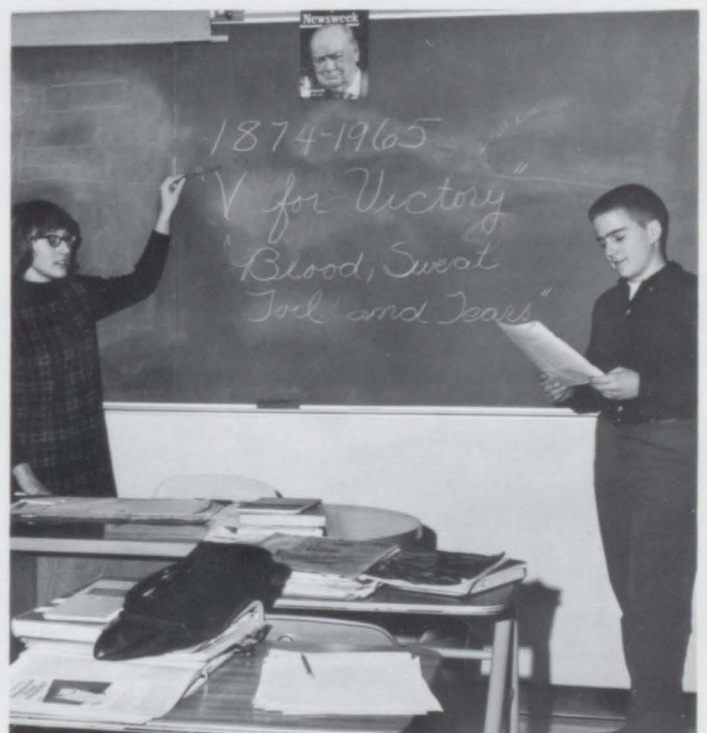

# *governments, and peoples*

William Borntrager and Dorothy Mosure point out the Roman Empire to Mrs. Eugenie Becker's World History Class.

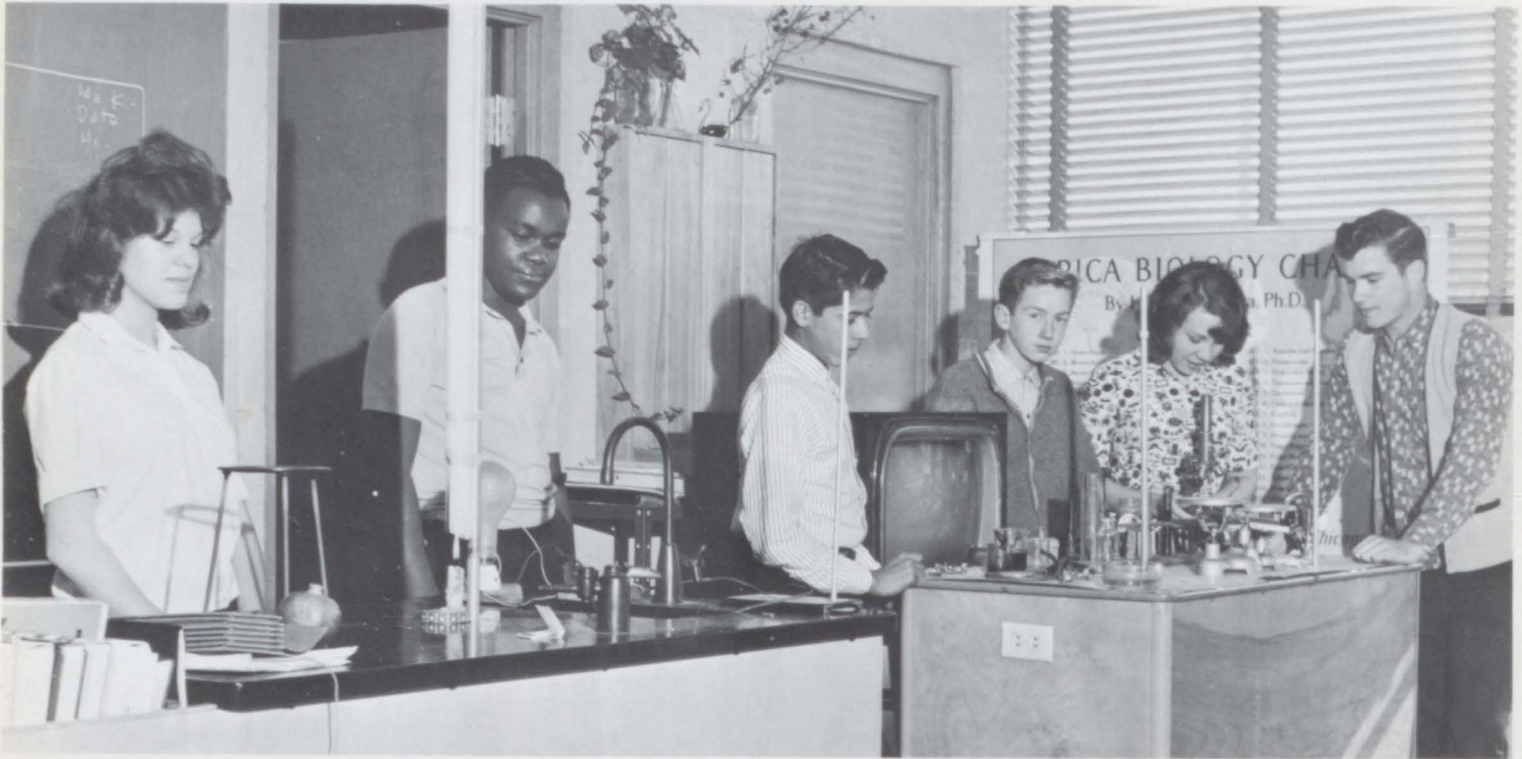

Linda Balmer, Linda Buford, Ellery Burleigh, and Theodore Collins concentrate on a World Geography quiz.

Ronald Neal and Marguerite Lentz give a report on England's Winston Churchill, whose death in January was felt deeply throughout the world.

# *Students acquire scientific knowledge*

Shirley Brewster, Dalton Coleman, Paul Castillo, David Leslie, Linda Smith, and Mark Stadalnikas examine props used in Mr. Allen Phillip's General Science class.

Lawrence Stein, JoAnn Willis, and Colin Rumsey weigh a crucible and cover, before attempting a chemistry experiment.

Nancy Hawley, Lawrence LaTurno, Carol Thornton, and Terryl Nichols identify rocks in ninth-hour Earth Science class.

# through analysis. . .and observation

The Biology Program this year includes observation of many unique animal and plant specimens which are obtained by students through an exchange program with a high school in Florida.

Erosion, rocks, and top soil are topics studied in Earth Science. Pupils learn about the earth and natural occurrences on it.

Electrical Science deals with electrical circuits. A special study is made of vacuum tubes, transistors, and their applications in electronic circuits.

Rather than delving into one branch of science, general science students learn about all branches, including weather, magnetism, and the solar system.

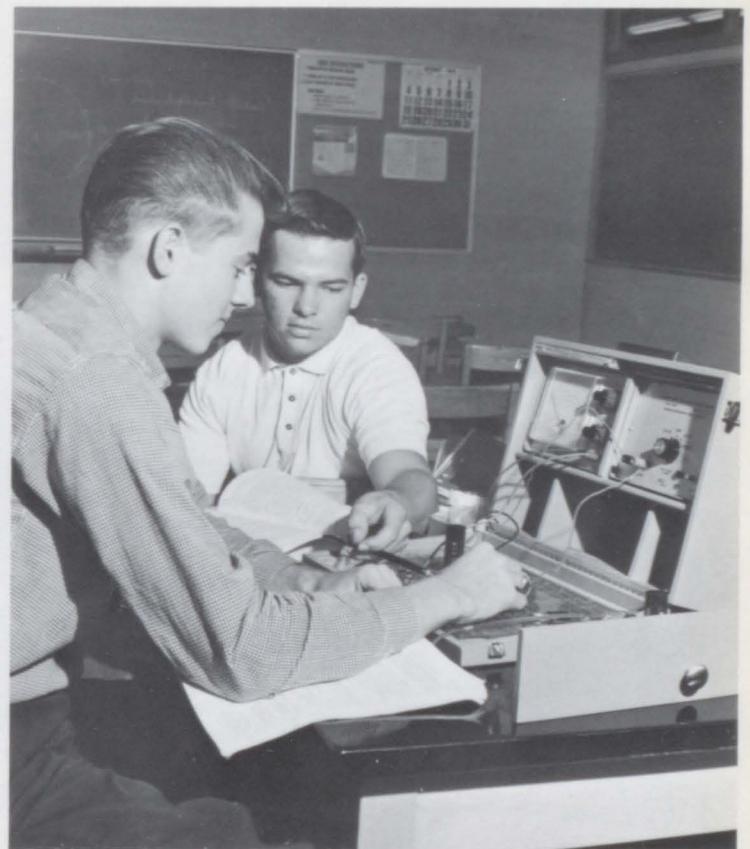

Mr. James Patmos, Biology instructor, shows Kay Novak and Meredith Matthews a corn snake as Tony Shaw observes a tortoise.

Chemistry students study the chemical composition of elements, mixtures, and compounds; physics pupils study the non-living aspects of science — they learn about matter, energy, and their transformations.

Gary Munce figures angular velocity in Mr. Sami Alam's Physics class.

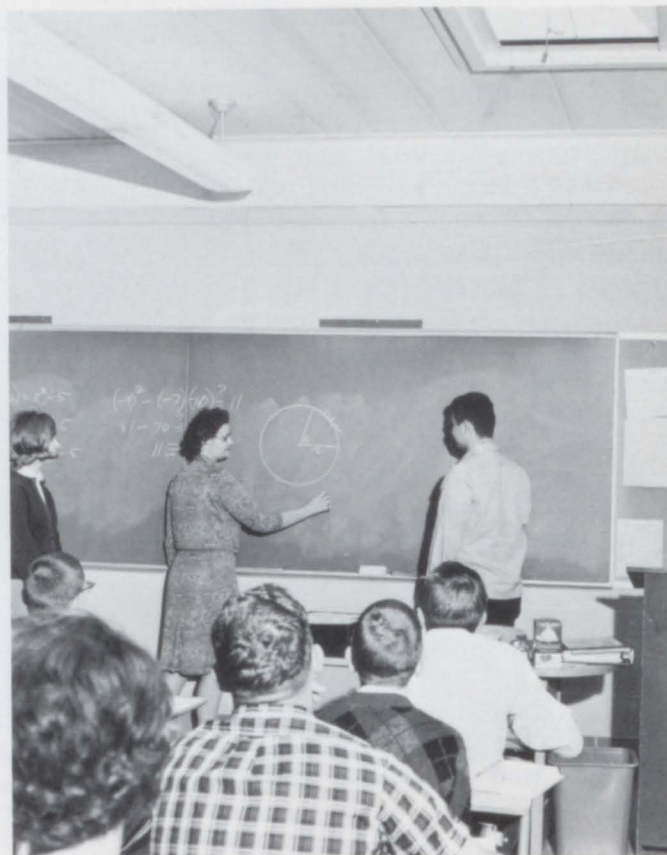

James Lusko and Rodney Whiting measure volts through a capacitor in Electrical Science.

# Mathematics promotes student's

John Lewis, Ellen Thayer, Betty Jo Smith, Sue Shevnock, and David Rosenberger test figures to see if they are rigid, in Plane Geometry.

Miss Mary Neil explains radians as Mary Ellen Hensel, Jeffery McCabe, and other members of the Solid Geometry and Trigonometry Class observe.

James Weaver points out highlights of the bulletin board in Mr. Harry Anderle's General Math class.

Miss Patricia Seiber distributes test papers among members of her sixth-hour Practical Math Class.

# ability to think logically

Darlene Berry, Penny Porter, John Castillo, and Robert Hand write their daily Advanced Algebra assignment on the chalk board.

Algebra, "the science of calculation by numbers and general symbols" is taught to many pupils. First-year algebra students learn substitution and factoring, while advanced algebra pupils study graphing and second-degree equations.

Geometry deals with lines, angles, surfaces, and solids. Plane Geometry pupils concentrate on planes or surfaces, while Solid Geometry, which is taught with Trigonometry, deals with solid figures.

Trigonometry is a study of triangles. Pupils learn about sides and angles of triangles, and their relationships to each other.

As members of Mrs. Isabelle Sischo's Algebra class study their assignment, Richard Eastman, Dent Wolfe, Jeanine Fenner, Randy Tubbs, Kathryn Martin, and Diane Armstrong put the problems on the board.

Mr. Joseph Airtene, director of the combined P.H.H. and P.H.N. high schools' A Cappella Choir, is often seen leading the student body in singing the National Anthem. He has been with the Choral Department of PHH for thirteen years.

## **"COME ON AND JOIN OUR SONG"**

During the year Mr. Joseph Airtene, Director of the 65 voice Port Huron A Cappella Choir, revised the phrase "sound of music" and made it not only a sound but a feeling. Mr. Airtene urged during a vocalizing session, "A piece of music has no life of its own. You (the choir) have to give it that life by not only singing the notes but feeling them." The choir sang both sacred and secular songs in order to provide variety.

Aside from performing during many assemblies the choir gave several performances for community affairs. Among them were the annual Kick-Off program for the Community Chest, a tour of seven intermediate schools in order to stimulate musical interest, and the Kiwanis Club Luncheon. Members of the group attended Choral Clinic at Wayne State University. The A Cappella Choir along with the Girls' Glee Club and the Band made a record in order to raise money.

The group went to the Fisher Theater to see the world premier of the musical comedy "I had a Ball" starring Buddy Hackett. They also performed at Cobo Hall during the Christmas Season. Jennie Rossow, Dorothy Fettes, and Wenda Hampton are the piano accompanists for the choir

## for Port Huron High. . ."

Jane Payton, Jacqueline Sweet, and Nancy Evans were chosen from the A Cappella Choir to be in the Girls' Trio.

Linda Williams, Jennie Rossow, Laura Rands, and Carol DeLacy perform as the girls' quartet in the various activities throughout the year.

The girls' trio at Port Huron High School, formerly a quartet, was organized last year. This year, as a trio in the A Cappella Choir, Jane Payton, Jacqueline Sweet, and Nancy Evans had the opportunity to perform at the various intermediate schools. They also traveled with the A Cappella Choir.

The girls' quartet, which was organized last fall, performed for many concerts during the year. They entertained for the American Legion at Cobo Hall, the seven intermediate schools of Port Huron, and at various school activities.

The girls' sextet was chosen from the A.M. Girls' Glee Club, to perform at various musical events this year. They travel with both the Glee Club and A Cappella Choir, and convey upon the audience the spirit and appreciation of many different types of music. The music for the Glee Club is chosen by their Director, Mr. Joseph Airtene. The sextet music is chosen by the six girls.

The girls' sextet includes Cynthia Neal, Linda Barrett, Isabel Falls, JoAnn Willis, Cheryl Older, and Janet Gram.

# *Classwork precedes practice for driver training*

Mr. Richard Hillaker explains a left-hand turn to sophomore Dianna Allen.

The Driver Education program provides for both classroom instruction and for traffic experience. Students who have reached or who are approaching the legal driving age of 16 may enroll in the classes.

The program is organized so that all students have the opportunity to receive instruction some time during high school. Each student enrolling in a Driver Education course is given a physical screening test and must meet the legal requirements for operating a motor vehicle before he receives his instruction.

Mr. William Morrison, Driver Training instructor, gives last-minute directions to one of the student drivers as Frances Gilbert, Paul Blackney, and Robert Cleland listen.

# Students learn to manage future homes

Mrs. Catherine Brown leads a discussion in Home and Family Living class on the importance of religion in marriage.

Diane Gonzales, Victoria Gamble, and Donna Wickings work at the sewing machines in Miss Laura Moore's Clothing class.

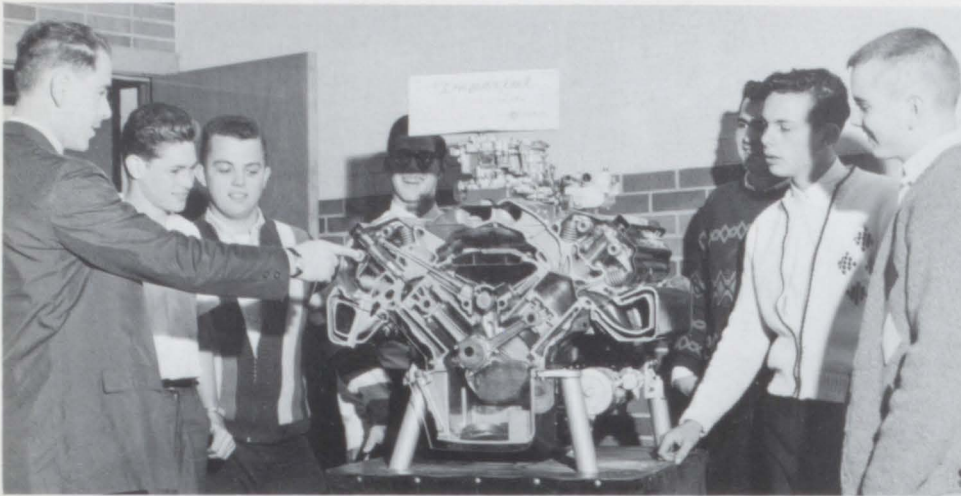

Barbara Tarzwell, Catherine Cornwell, Lynda Reeves, Nancy Benner, and Bridget Gunn prepare a salad in Mrs. Mary Albracht's fifth-hour Foods class.

The Home Economics Department offers a choice of either foods or clothing. Students may complete four years in either area of study.

Those taking Clothing learn not only how to sew, but, also, how to buy and take care of clothes. Girls study child care, good grooming, and the importance of color in decorating their future homes. Money management, textiles and timesaving short cuts are taught in this class, also. Those taking Foods learn how to prepare attractive meals. Using these newly learned techniques, they have teas and parties, often serving foreign foods. They are also kept busy by the study of marketing laundering, and budgeting for the family.

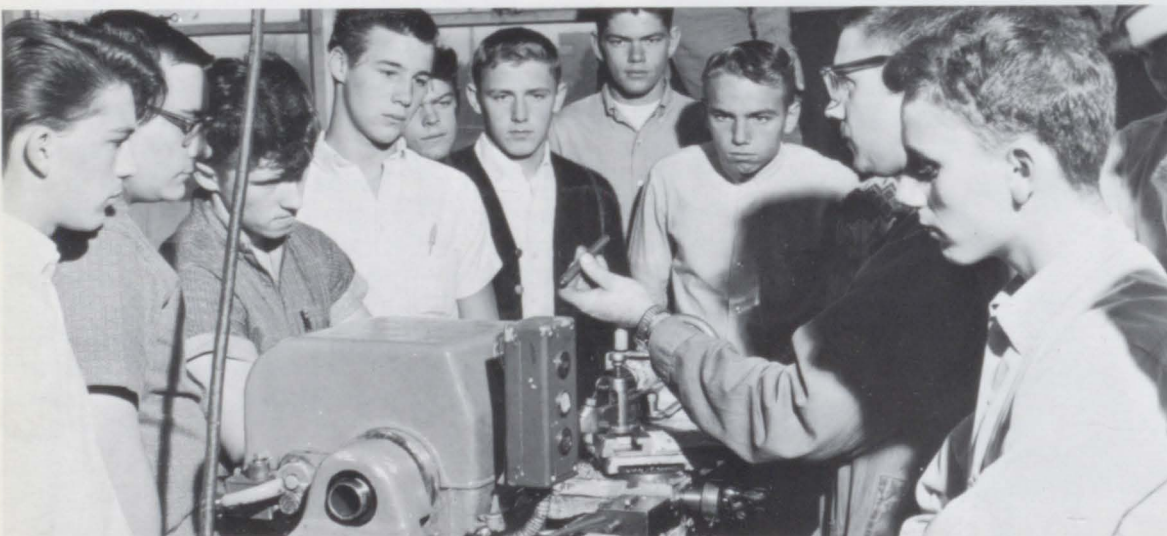

# Industrial Arts develop skill in the

In the third-hour Auto Theory Class Mr. Michael Hanov explains the functioning of the engine to Jon Crull, Duane Michaels, Larry Terbush, Dennis London, Robert Barr, and Robert Brewer.

Mr. Bruce Hobbs shows students in Metals I how to cut a sheet of metal.

Students in the Machine Shop class watch with interest as Mr. Harold Cook demonstrates a lathe operation.

Industrial Arts is a course which familiarizes the student with an industrial environment. In the mechanical drawing area, the student learns about fundamental tools needed to make drawings, and he becomes acquainted with sketching and blueprint reading.

Machine Shop students learn how to operate the lathes, drill presses, milling machines, and grinders.

Bench metals, sheet metal, copper, brass, wrought iron, and steel are used for cutting, shaping, filing, drilling, tapping, and polishing in General Metals. In Advanced Metals welding is introduced.

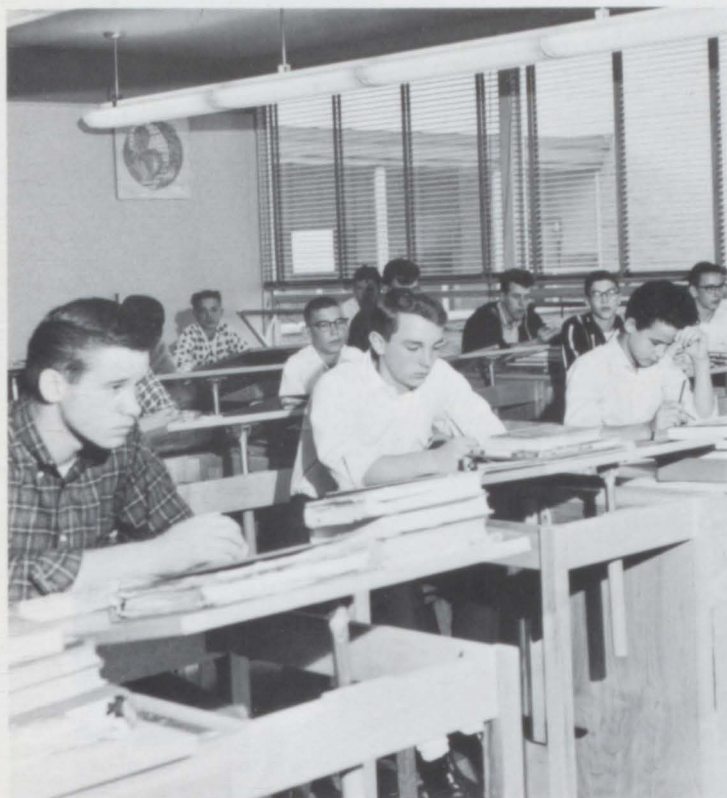

In Woodworking classes students learn how to use hand and power tools. Emphasis is placed on originality of design in the various projects. Identification of woods and construction are also covered.

The Crafts course is designed to acquaint the student with leather, plastic, and such light metals as copper and aluminum.

In Auto Theory classes students gain working knowledge of engines and auto parts.

# *proper and safe use of tools and machines*

In Mr. Floyd Belt's Mechanical Drawing Class the boys begin work on scale drawing.

Willard Hicks and David Kish prepare to cut a block of wood on a power saw in Mr. Ross Buckman's Wood Class.

Dennis Ward and Gary Schott enthusiastically work on leather cutting and carving in Miss Alice Kuhlenkamp's afternoon Crafts Class.

# Students develop marketable

In Mr. Edward Bargiel's Office Practice class students prepare for their day's work.

Business Education courses provide an understanding of the nature and functions of business. In Beginning Typewriting the student learns how to operate the typewriter with some degree of skill. In the more advanced classes emphasis is placed on accuracy and speed. Beginning Stenography students develop skill in reading and writing their shorthand notes. A course in transcription is designed to assist the more advanced stenography student in

making an orderly and easy transition from the classroom to the office.

In Office Machines classes students learn how to operate the adding machines, manual rotary calculators, and the transcription machines. Bookkeeping students labor away on their ledgers and journals.

These Business Education courses pave the way for direct job opportunities.

Transcription students type business letters while Mrs. Fern Lindsay gives some helpful advice.

# skills in Business Education

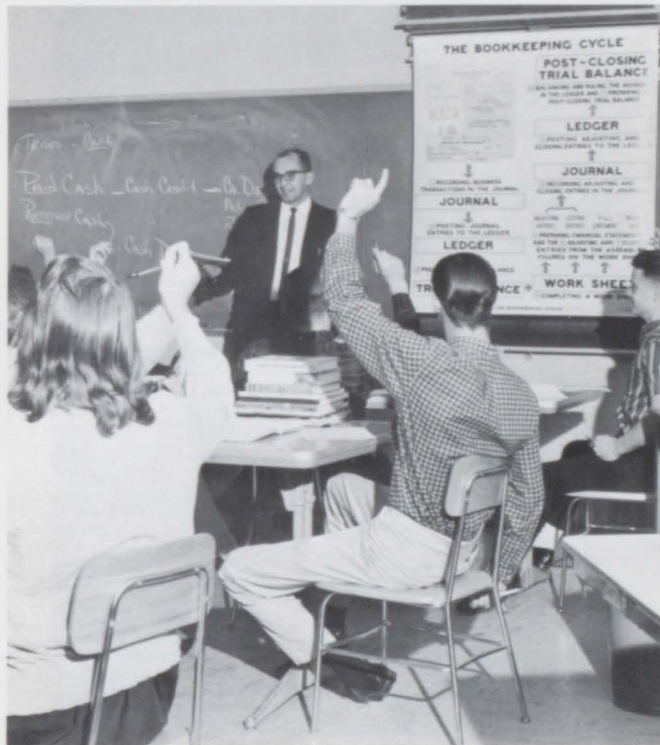

Mr. Charles Johnson, Stenography instructor, gives his first-year class a quiz. By the end of the year the goal is to take dictation for five minutes at 60

words a minute and transcribe with 95 per cent accuracy. Advanced students write 100 words a minute for five minutes.

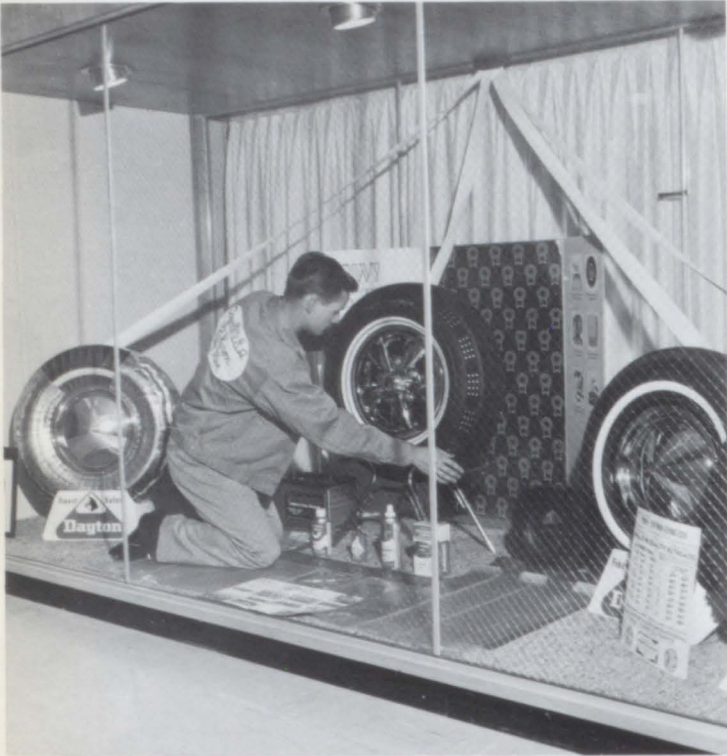

Bonnie Morauski and Cherie Lester work on problems using rotary calculators in Mr. Edward Bargiel's Office Machines class.

Mr. Ted Zyrowski reviews the material on the chart and diagram in his Bookkeeping class.

# Co-op has "unbeatable team -

Patrick Shivers prepares a display for Tireville U.S.A. in the Co-op Department display window.

Part of Loretta Cochrane's daily work at Michigan National Bank is typing letters for Mr. Ned Conner and Mr. Robert Riggs.

The co-op students of P.H.H.S. and P.H.N. are pleased that their schools have one of the largest and most successful programs in Michigan. 101 Port Huron area firms are presently providing excellent job training for 211 senior trainees. There are 88 different job classifications offered to students in three fields: retailing, office practice and trade and industry.

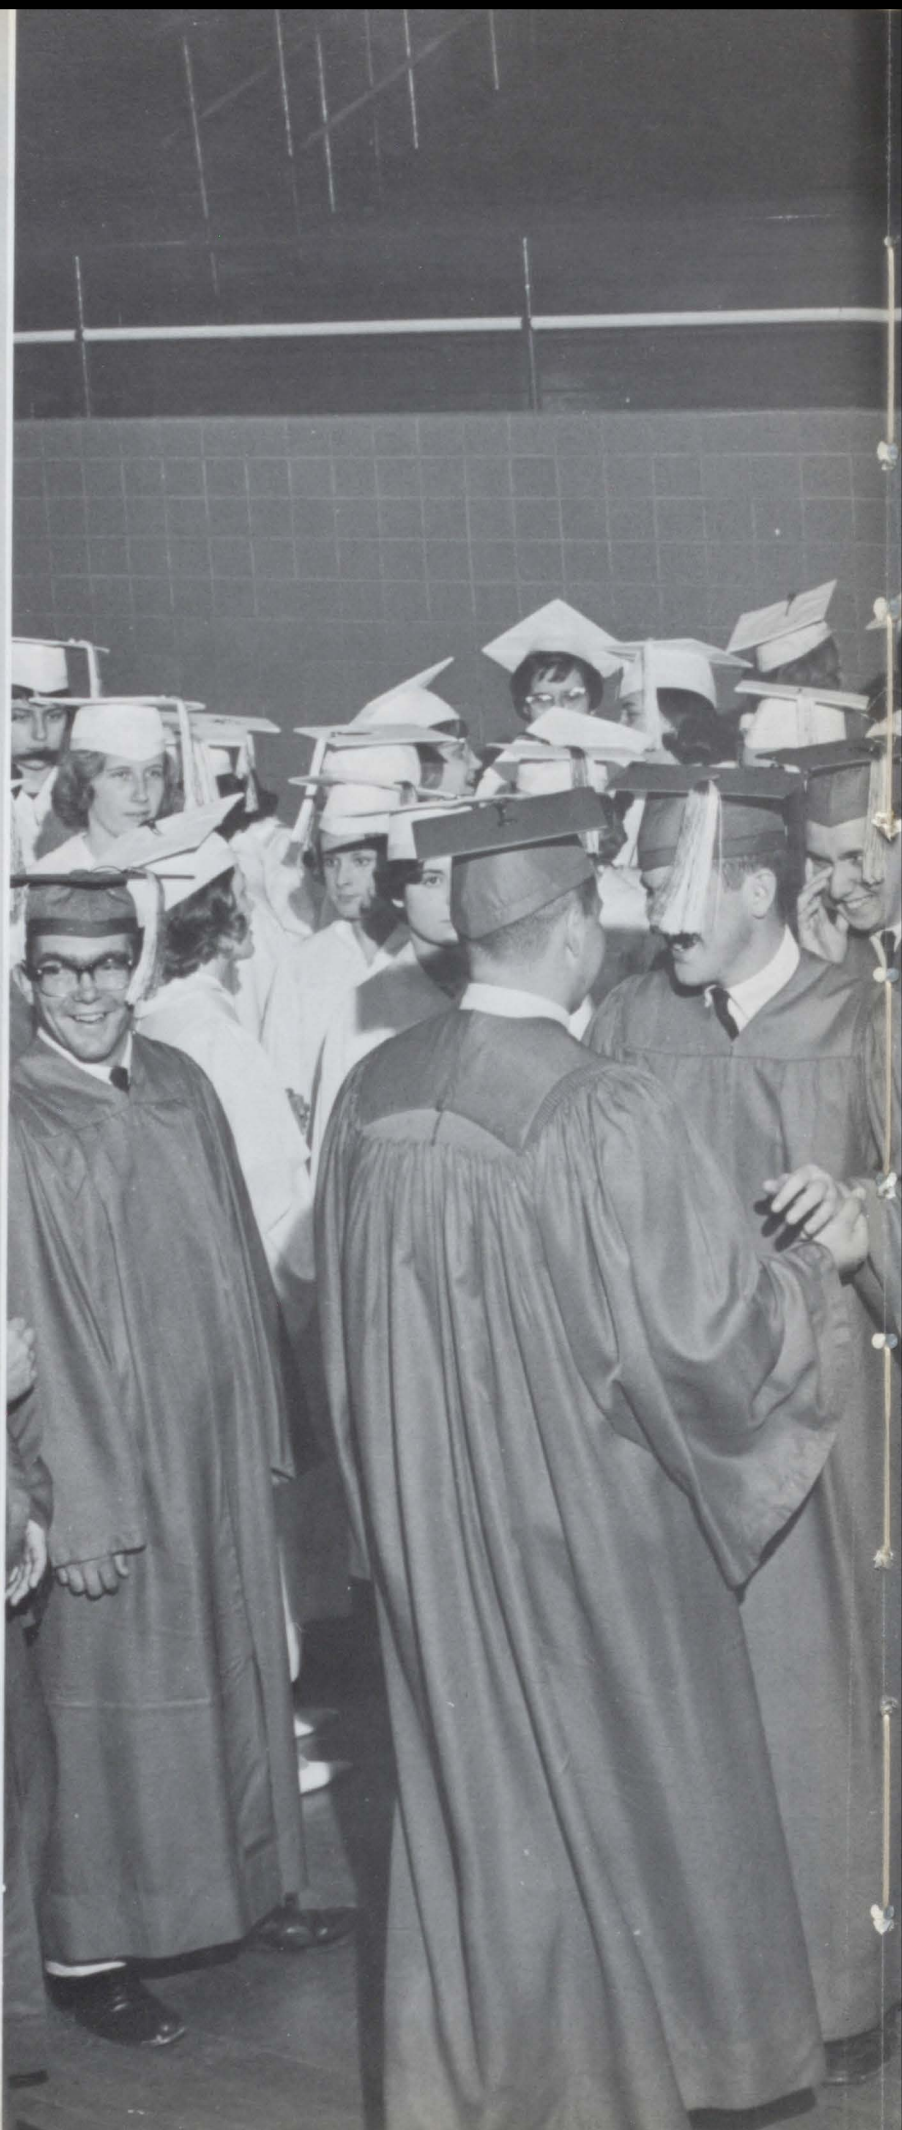

A recent survey showed that only 3 per cent of the cooperatively trained youths were jobless after graduation, and about 20 to 25 per cent of the average high school class were unemployed. The study also showed that 30 per cent of the trainees were attending college or were enrolled in some other training program.

Mr. H. E. Paulson is the Director of Vocational Education for the Port Huron Area School District.

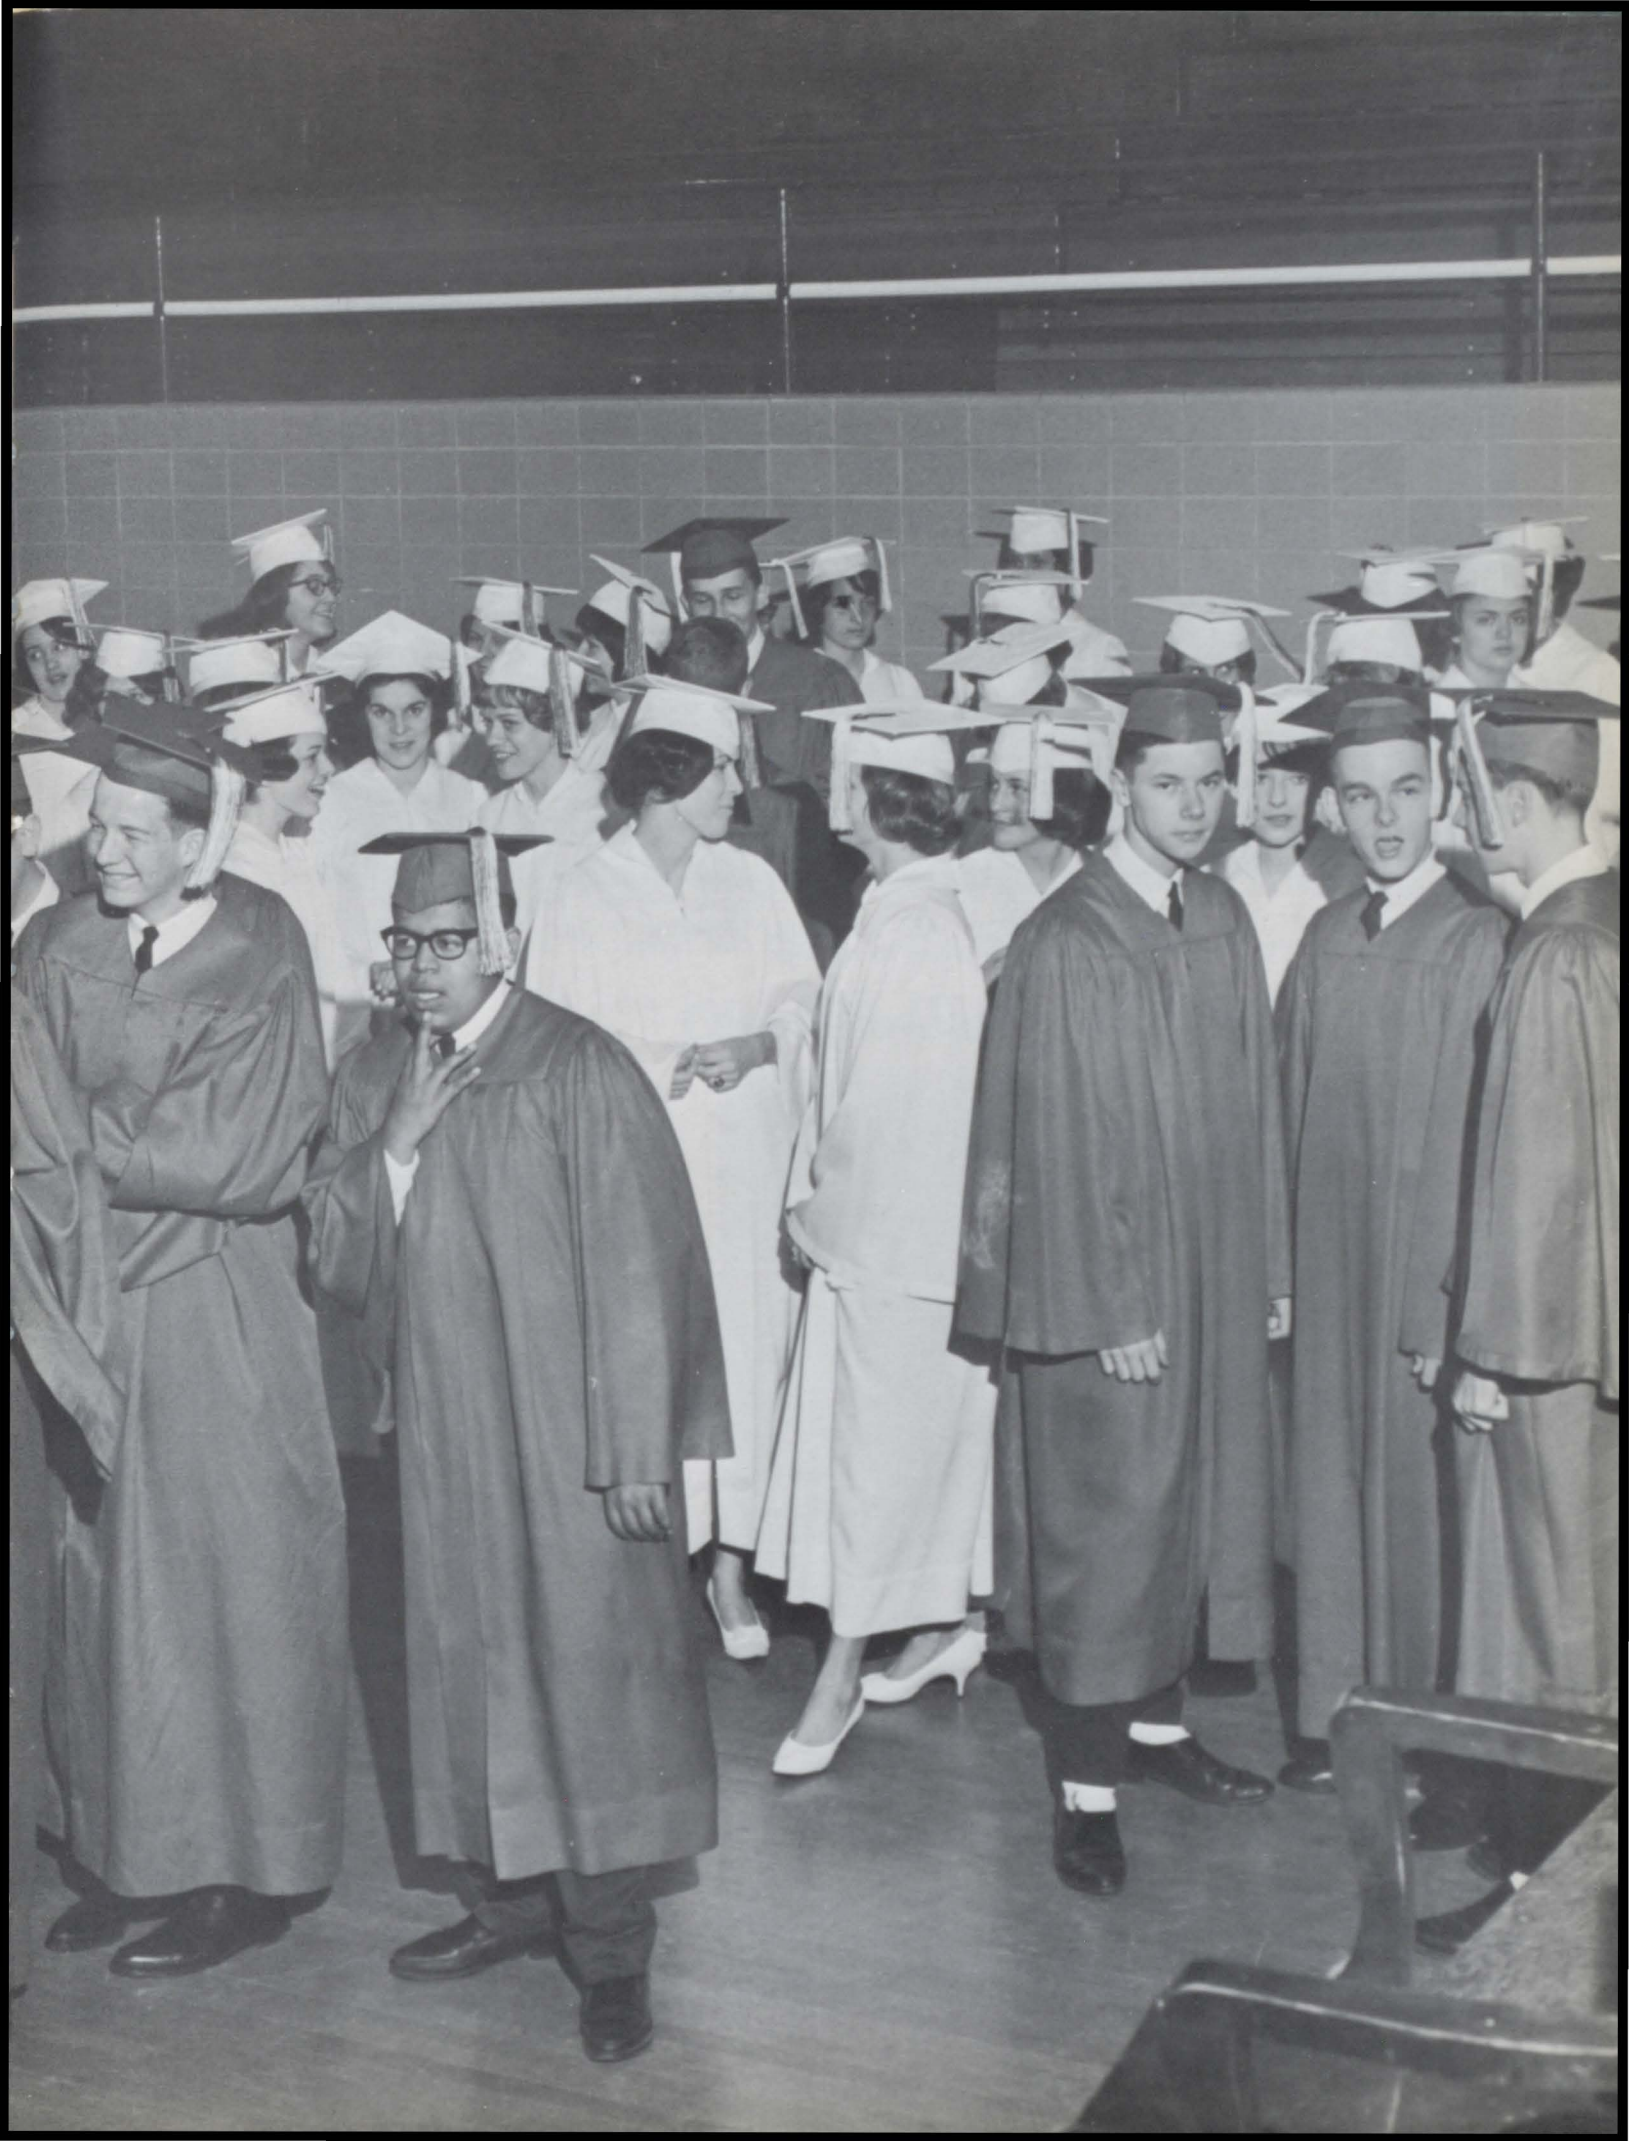

Class of '65, you are at the cross-roads. As Seniors you have acquired respect and quiet dignity, for you have succeeded in overcoming the barriers of two schools to graduate as one class. Soon you will don the cap and gown and suddenly realize your high school years are but a memory. You will be facing new roads filled with new adventures and experiences. The opportunities are many; the future is yours.

## *Class Flower - - Yellow Rose*

Unification through separation! This was the challenge presented to the Seniors of '65, as half of them were moved from Port Huron High School to the new school. But the Seniors of both schools made a great effort to remain united and showed much determination as well as cooperation in their ability to function as an enthusiastic, well-run class. They chose the Yellow Rose for their class flower, symbolic of their years in high school being completed with the qualities a yellow rose seems to express. A rose begins its life as a bud, but matures to a complete flower, after days of sun and rain.

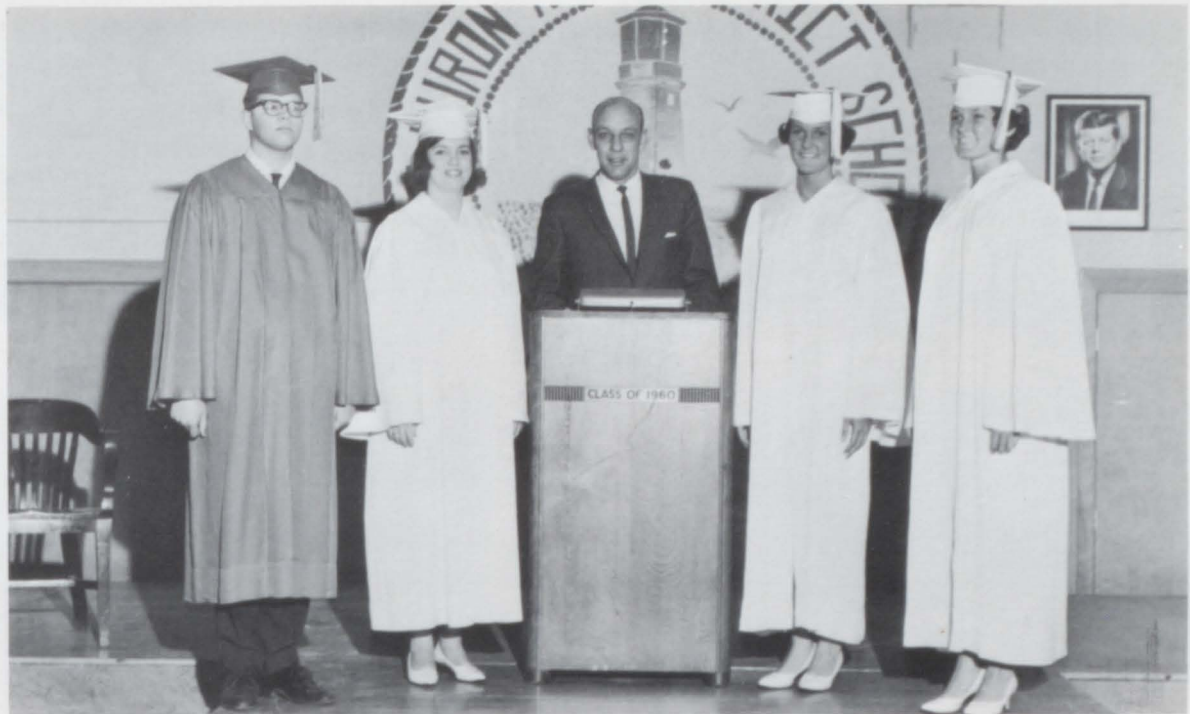

Through these happy though trying years, we appreciated the help we received from our many friends — homeroom advisors, teachers, counselors, and administrators. The Seniors were very sorry to lose the guidance of Mr. Colen J. Sommerville, principal, who left us at mid-year. We welcomed Mr. Gaylord Feick, who saw us through our graduation activities.

Seniors look forward to the arrival of their caps and gowns which mean marching practice in preparing for the final activities: Senior Assembly, Baccalaureate, and Commencement.

### School Alma Mater

Let us join our hearts together  
As we pledge our loyalty,  
And we'll look to Alma Mater  
For hopes to cherish endlessly.

In our hearts that are united  
Are thoughts that never die,  
We will keep in memory always  
This our own Port Huron High.

Though the years ahead may number  
More than those we've left behind,  
Still the dreams will always linger  
In our hearts, our lives, and our minds.

And may always we endeavor  
To make achievements great,  
So Port Huron may be proud  
Of all those who graduate.

"Silly, Silly Sophomores" was the name we acquired at our first assemblies when we entered high school as a brand new class. Even though confusion and double sessions stood high on the list of new experiences, we soon buckled down to a schedule of Biology, English and World History. Silly though we were, our enthusiasm and class spirit were shown by the capture of the first-place float during Homecoming and the successfully planned canned food drive.

Among the many new challenges were the responsibilities and mature attitudes taught to many of us in the driver education classes. All of these things have helped us to develop leadership qualities of our own.

# Seniors impressed

Stephen Schaefer and Marsha Plaut present P.H.H.'s Farewell Assembly to both afternoon and morning students. Miss Florence Wiese, assistant principal, was happy to announce that she will be working with both schools and dividing her time accordingly. She predicts a healthful rivalry between the two schools.

And leaders we became as shouts of, "1-2, 3-4-5 we're the Class of '65," boomed out during the assemblies. Through our overwhelming display of class enthusiasm, the Senior class knew they were in for a year of competition. Double sessions were still in operation but did not hinder the unity and many activities of the "Jolly, Jolly Juniors." Through the cooperation of both sessions, the Juniors produced their Homecoming float which placed second. This was no defeat, but an inspiration to work hard to present one of the most impressive J-Hops, "Some Enchanted Evening." Looking forward to their final year, Juniors are reminded that they have changed from followers to leaders and will set the pace as "Mighty Seniors."

# Seniors welcome foreign exchange students

Mr. Cyril Smith watches as one of his government students, Jenny Pronczuk, points out her homeland, Uruguay, to Janice Parsons, her "sister," here in Port Huron. Juhani Timonen points out his native land, Finland, to his government teacher, Mr. Ralph Harrison. Both students have come through the Youth for Under-

standing Program that sponsors students from Europe and Latin America. They live with American families for one year getting acquainted with our way of life. The foreign exchange students and the student body both gain knowledge and understanding through this program.

"Mighty, Mighty Seniors" started the year out big with the first place Homecoming float, "It's the Cat's Pajamas", and were joyous with the football team's E. M. L. Championship. With both sessions still attending the same school, Seniors were able to produce a highly entertaining comedy, "The Thread That Runs So True". Many fond good-byes were heard among the Seniors as the A.M. session prepared to move into the new high school and to a new beginning. But the Senior class remained united, for the roots of a rose bush remain the same regardless of the buds it produces.

We will retain many memories but perhaps the most important is the realization that we began these golden years, hungry for knowledge and thirsty for life. We have been satisfied by learning.

## Congratulations

The Administration, Faculty, and the Seniors commend the eighteen Seniors who maintained a grade point average of 3.75, or higher, in high school. In addition to excelling scholastically, they participated in the various extra-curricular activities of the school.

*These "Golden" years of work well done*

As members of the Class of '65 file from the Port Huron High School doors for the last time, they gather to speak to their many classmates. It is quite apparent that they happily remained as one class during this final year.

Shown are: Marilyn Runk, Susan Pickelhaupt, Judith Gossman, Diana Hayes, JoAnn Emery, D'wanda Headd, Noreen Warsinske, Gerald Simpson, Stephen Gillette, and Thomas Anderson.

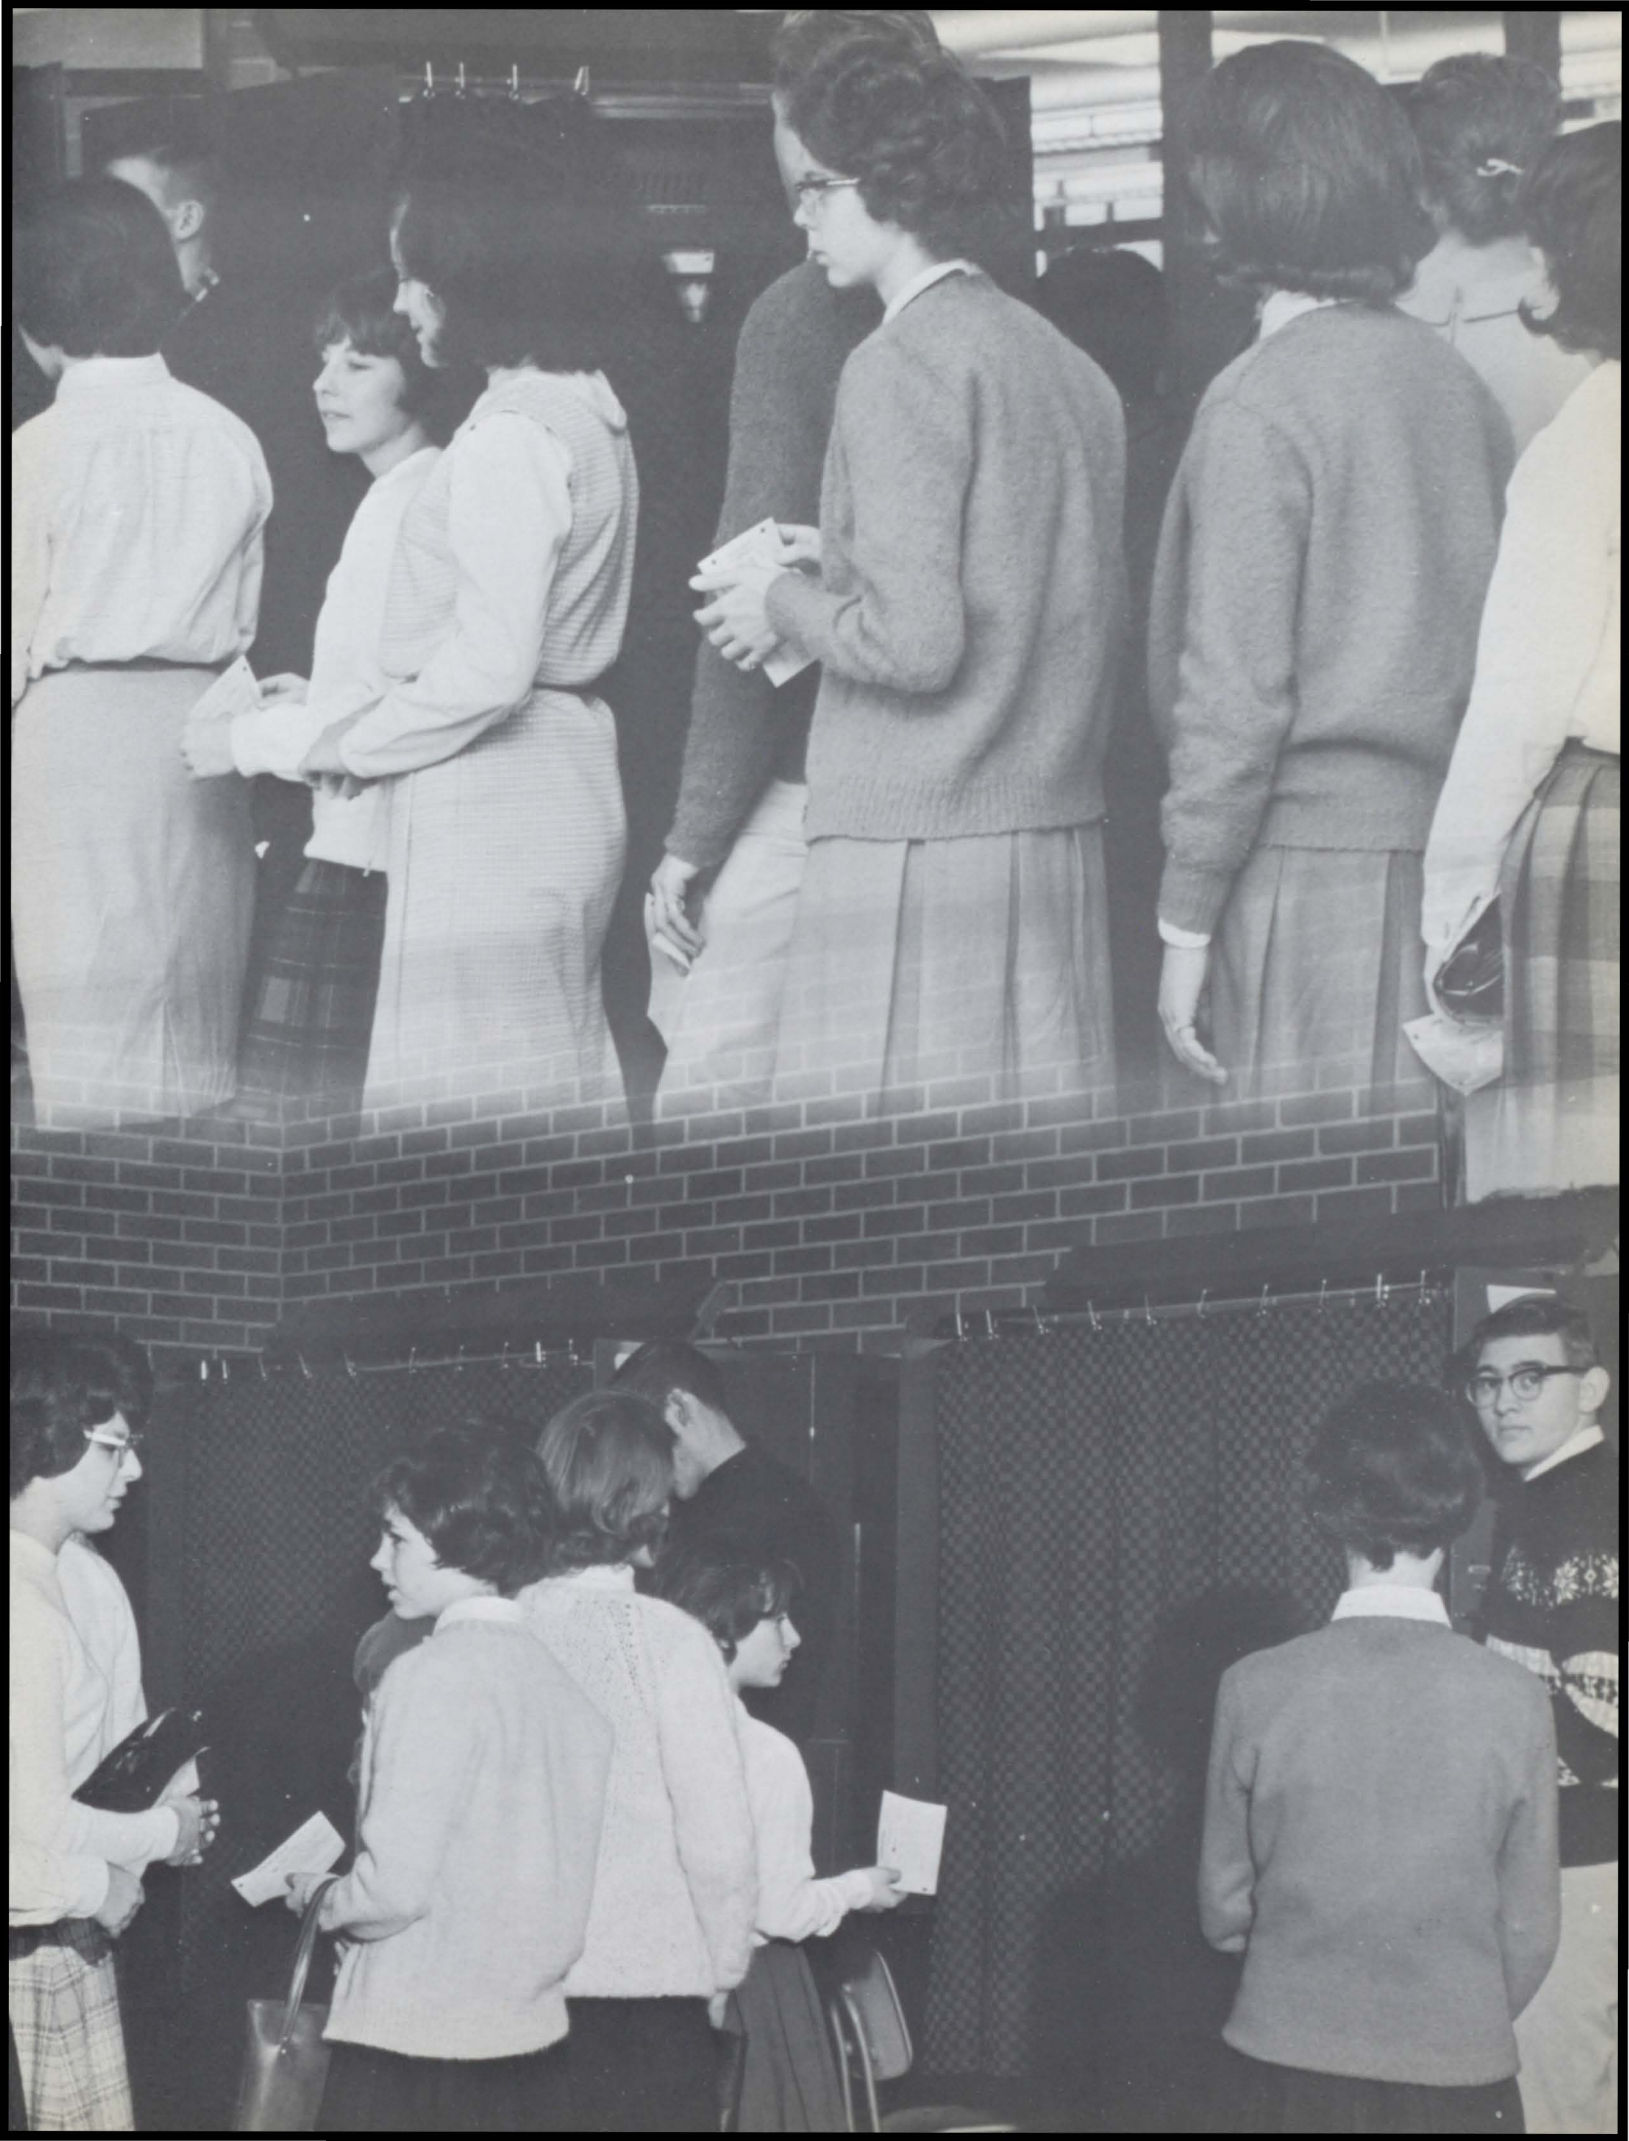

The road ahead for a Freshman seems long and hard. The people he meets and the situations in which he finds himself are, indeed, foreign and bewildering. But each day he gains more confidence in himself, and soon he becomes an enthusiastic and self-motivated Sophomore with a creative mind and challenging ideas. As his spirit and sophistication increases, so does his awareness of his own individual abilities. His maturity is reflected in his more sound judgment. Now he is a Junior, profiting from ever accumulating experience and education. He advances in age and wisdom and he sets a pattern for future life.

## Underclassmen PHN

Two Sophomores, Janie Chester and Carol Hollenshead, relax after participating in the Orientation ceremonies.

David Williams, a Junior, enjoys himself dancing.

After a full day session, students anxiously board their buses.

Thomas Stafford and John Kellogg exercise after devouring a large lunch.

Students have fun dancing the "Jerk" at the first dance at P.H.N., sponsored by the National Honor Society.

The Faculty guides the student on the road through high school education. Like traffic lights, they are essential for orderly progress. Teachers show the way to the unlimited opportunities of education through capable, adept teaching. They try to encourage maturity and logical and independent thinking in their students. But good teachers are more than educators, they are friends. Ideally, teachers think of the student as an individual with his own capabilities, interests, and feelings. Skillful instruction, added to friendship, makes for rewarding high school years and a successful future.

EASTERN MICHIGAN COLLEGE OF COMMERCE offers graduates of Port Huron and vicinity an opportunity to complete an approved business course ranging from 9 to 20 months without leaving the community. Graduates who have started commercial courses in high school may complete such courses in less than the scheduled period of time. Because of its proximity to the Blue Water district, courses may be completed without the expense of board and room away from home.

THE STAFF AND ADMINISTRATION of the College join in wishing the graduates of Port Huron High the best of everything, and cordially invite them to join its student body if the best of business education is desired.

## *Memories*

One of the most exacting jobs in yearbook work is indexing. Here Margaret Thorn and Ed Weichsler work towards the completion of the Student.

# Thank You

PHN staff members draw dummies, type copy, and plan layouts in a rush to meet deadlines. The staff room isn't always in the neatest condition, but completing the book is their main goal. After the final deadline they plan for the next year's book and do a little spring cleaning.

We would also thank those without whose help and cooperation this yearbook would have been impossible to produce: the Administration and Faculty, the student body, Mr. Frank Fulkersin, photographer; Mrs. Clara Wellman, Mrs. Velma Sheperd, Mrs. Donna Emlaw, Mrs. Virginia Forbes, Mr. Joseph Airtene, Mr. William Mandt for his artwork, the Port Huron Times Herald, Mr. Al Weatherly, Jr., and the business and professional men.

We hope that this year has been a memorable one for you and that the '65 Student will help you to remember it always.

Bethany Gossman  
Elaine Minter

The '65 Student represents the last joint effort to produce a yearbook between two schools. Even though we had the handicap of being separated, both staffs fully cooperated to overcome the obstacles of communication. Our most sincere thanks go to the yearbook staffs, and to our Advisors, Mrs. Daphne Rantanen and Miss Frances Culp, for their helpful suggestions and advice.

The pages are transferred to PHH where the names are proofread and indexed and the pages are prepared along with PHH pages for the publisher. Miss Frances Culp, Advisor; Rebecca Nelson, Copy Editor; and Elaine Minter, Co-editor, have the pages all set for Mr. Al Weatherly, Jr.
